17:00~18:30 at 2-308, 30 November 2016

Course: Migration and Development, Migration and Co-existence 2
by Prof. Yoshiteru Uramoto

Question 1: Choose at least one case out of five cases discussed during the class (Qatar, Philippines, Singapore, Republic of Korea and ASEAN), apply at least two theories to analyse the causes and consequences of migration.

Question 2: Describe the role of the state in migration in a destination country by referring to one of the destination countries discussed at the class i.e., Qatar, Singapore or Republic of Korea?

Question 3: Discuss relationship between migration and development by describing at least a few of the merits and demerits of migration in a sending country. In doing so please refer to one of the two cases, Philippine or ASEAN.

Each answer should not exceed two pages but at least one page (one and half space with font 12.) The total number of pages should not exceed five. Quotes should be properly mentioned, as plagiarism check will be conducted on all submissions.
